COMPANY PROFILE

For Contracting & General Trading

COMPANY OVERVIEW

Dar Alkher Company for Contracting and General Trading is a leading Iraqi company headquartered in Basra, specializing in industrial supply, procurement, and technical contracting services for the power, oil, gas, and industrial sectors.

Through disciplined commercial practices and strong international sourcing networks, the company delivers certified products, reliable logistics, and professional technical support to major industrial and government clients across southern Iraq.

*Headquartered
in Basra – Iraq*

COMPANY HISTORY

Established in the early 2000s, Dar Alkher Company was founded to meet the increasing demand for reliable industrial suppliers and contractors in Iraq's energy and industrial markets.

By building strong manufacturer partnerships and developing internal operational capabilities, the company has grown into a trusted supplier for power plants and industrial facilities.
